

ATTENTION SPY FANS!

America's favorite Spies can no longer be found in Sunday newspapers across the country (an inexplicable casualty of Bush's "war on terrorism"). But there is *some* good news for comic fans (apart from the continued presence of Marmaduke's hilarious mis-adventures)! You can get a dose of their Sunday sabotag-ery right on this very page. Just look mere inches to the right and whet your appetite for destruction with this insidious installment!
